

S4, 5 & 6

Why should humans be like bamboo?

What looks
weak is
strong

It bends but doesn't break

It's
strongly
rooted yet
flexible

Slow down your busy mind

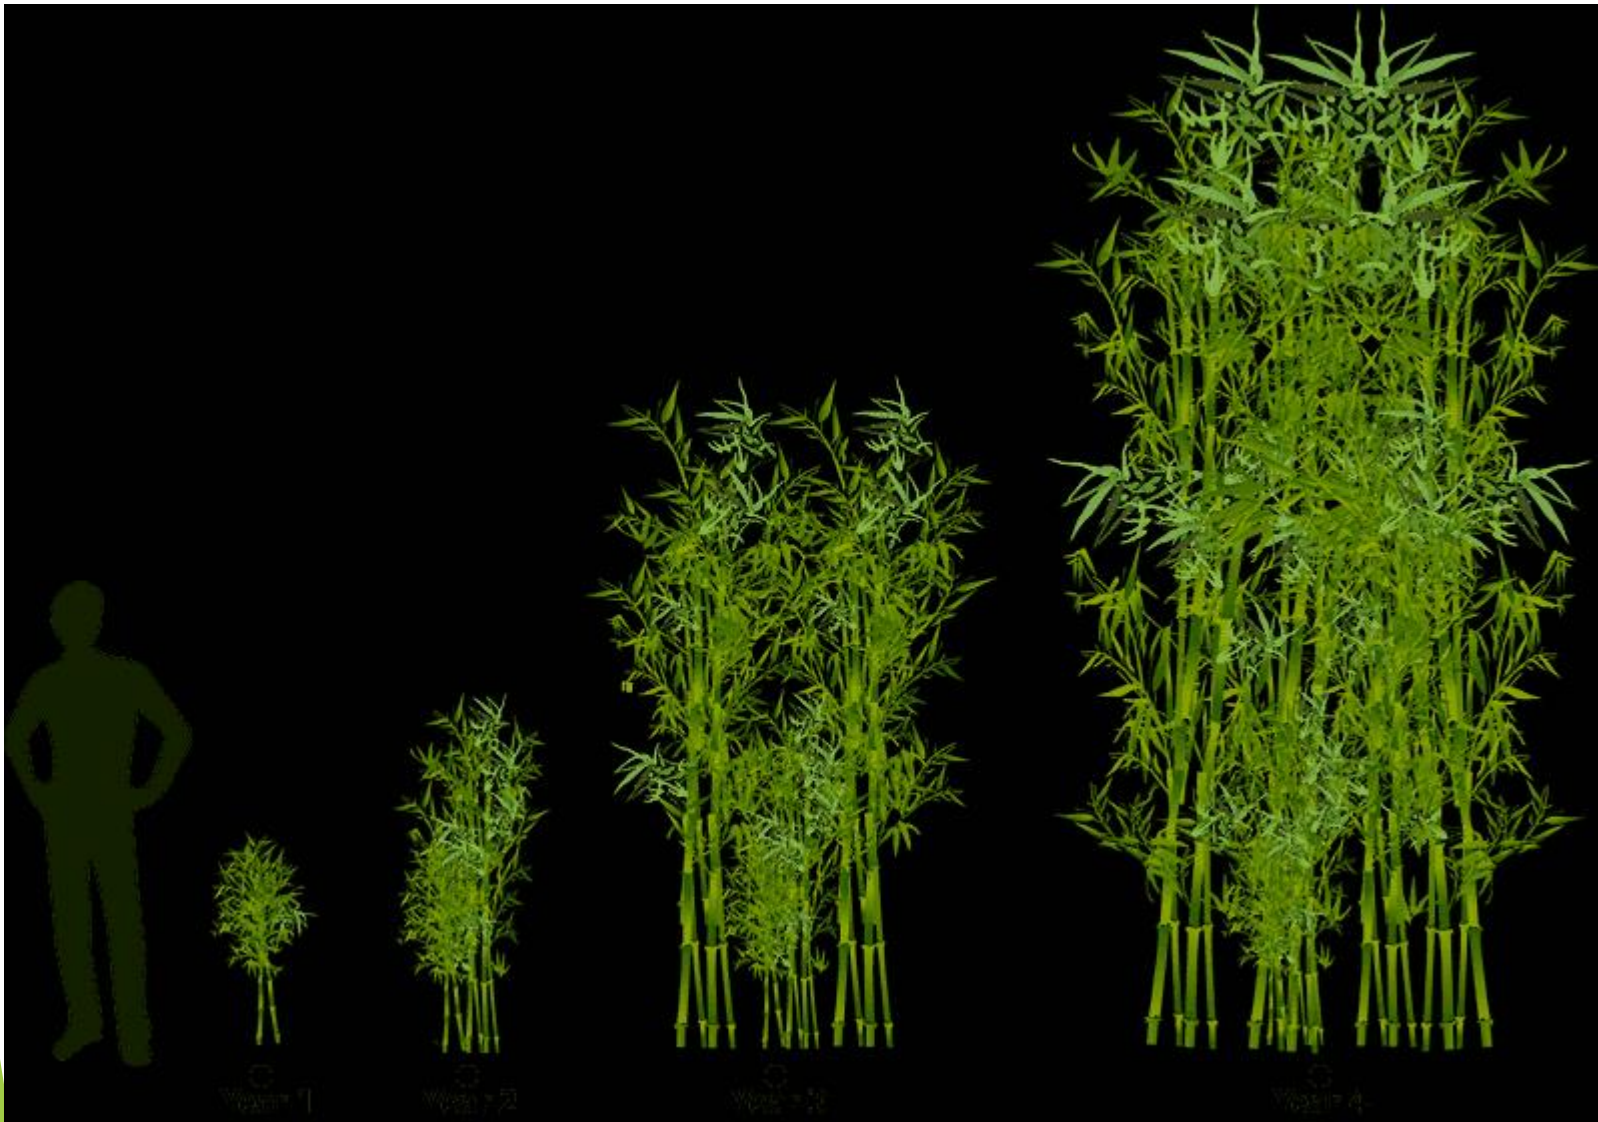

Be ready always

Smile, laugh, & play

Commit yourself to growth & renewal

Unleash your power to
spring back

So, why should humans be like bamboo?

Because bamboo is resilient...

Future?

- ▶ Grasp every opportunity
- ▶ Life isn't always easy
- ▶ Resilience WILL help you along the way
