

POSITIVE SCHOOL CLIMATE

ABOYNE ACADEMY VISION STATEMENT

To work together as a community to create a high quality learning environment where all members are encouraged to '**Aim High**' and **maximise opportunities**

and where our pupils are supported to

Reach their full potential and develop into **responsible, confident** and **caring** individuals who **effectively contribute to society**.

RESTORATIVE PRACTICE

“Restorative approaches allow adults to model emotional literacy and develop student’s empathy, so that their drive to behave in a negative way is challenged not by sanctions but by the impact the behaviour has on others in society.”

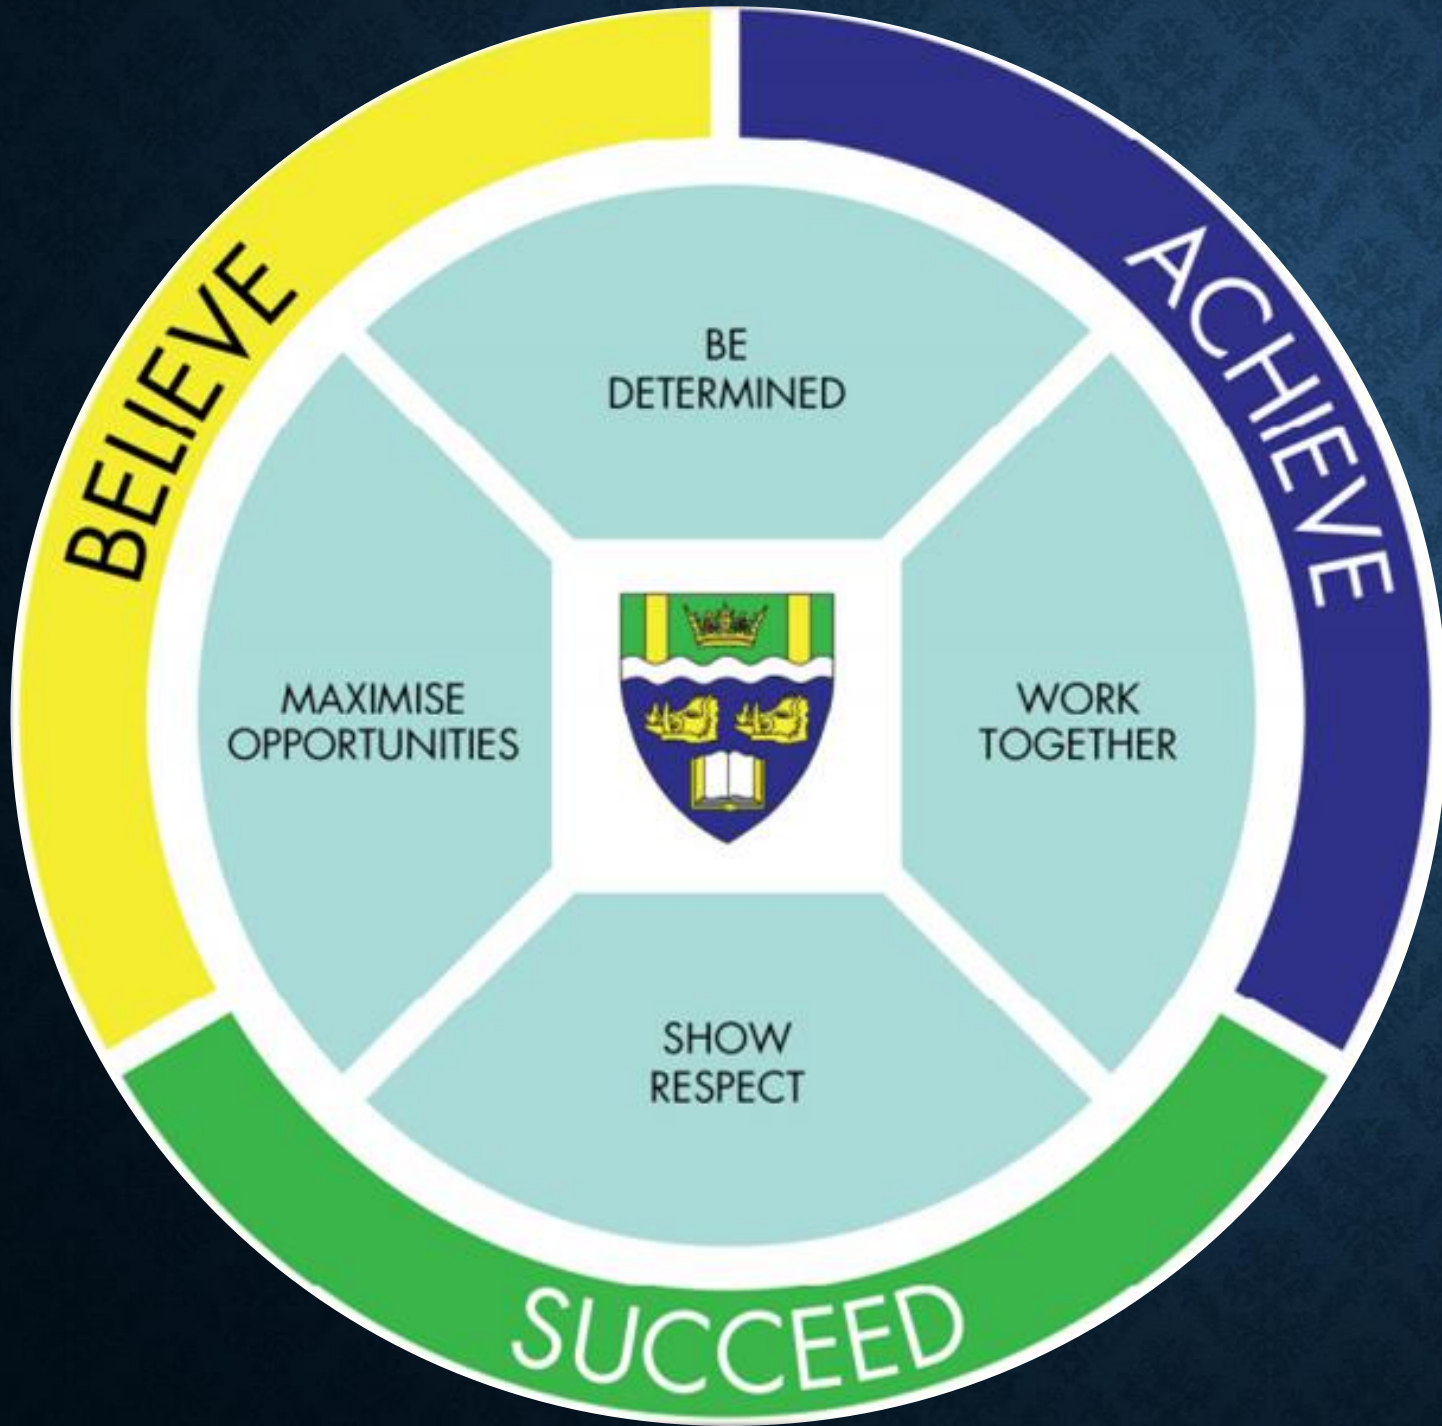

“How to become a restorative school: The case for embracing it”

Tom Proctor-Legg, 2/3/18

RESTORATIVE APPROACHES

- Explain
- Listen
- Discuss
- Reflect
- Make a fresh start
- Remain Calm
