INFORMATION - *please read!*

- Your S3 curriculum will include core subjects, which everyone must do, and five choices.
- In order to provide the Broad General Education required by the Scottish Government you should choose one subject from each curriculum area, and another of your choosing.
- You need to think carefully about your course choices. However, it is important to keep your options open and spread across the curriculum at this stage. You will get further chance to specialise as you build up qualifications across the one, two or three years of the Senior Phase in S4 to S6.
- Discuss your choices with your Parents / Carers at home. Your Guidance Teacher is also here to help and will discuss your choices with you. The resources on the My World of Work website are also designed to help you.

 You now need to follow the instructions and return this form to your Guidance teacher by **Friday 28th February 2020**.

Please use this space if you have specific parental questions about your son/daughter's course choices.

Please note that courses offered are subject to staffing and may change or need to be re-chosen if there are staff vacancies.
